January 15, 2025

Public Policy Event

Influence Policy, Boost SF Business in DC
March 11-13 | Washington, D.C.

Each year the San Francisco Chamber of Commerce organizes an advocacy trip to Washington, DC. This trip provides delegates with an opportunity to engage directly with policymakers and stakeholders on a range of critical issues impacting San Francisco.

Delegates will have the chance to advocate for policies that support economic growth, innovation, and urban resiliency. The itinerary includes meetings with congressional representatives to discuss current legislative priorities.

Delegates will have the opportunity to **network with business leaders and policymakers**, strengthening the voice of San Francisco businesses on the national stage. We will have **advocacy opportunities** around critical issues than span California, as well as networking with our counterparts in Los Angeles.
